

How to build a **Low Carb** *Meal.*

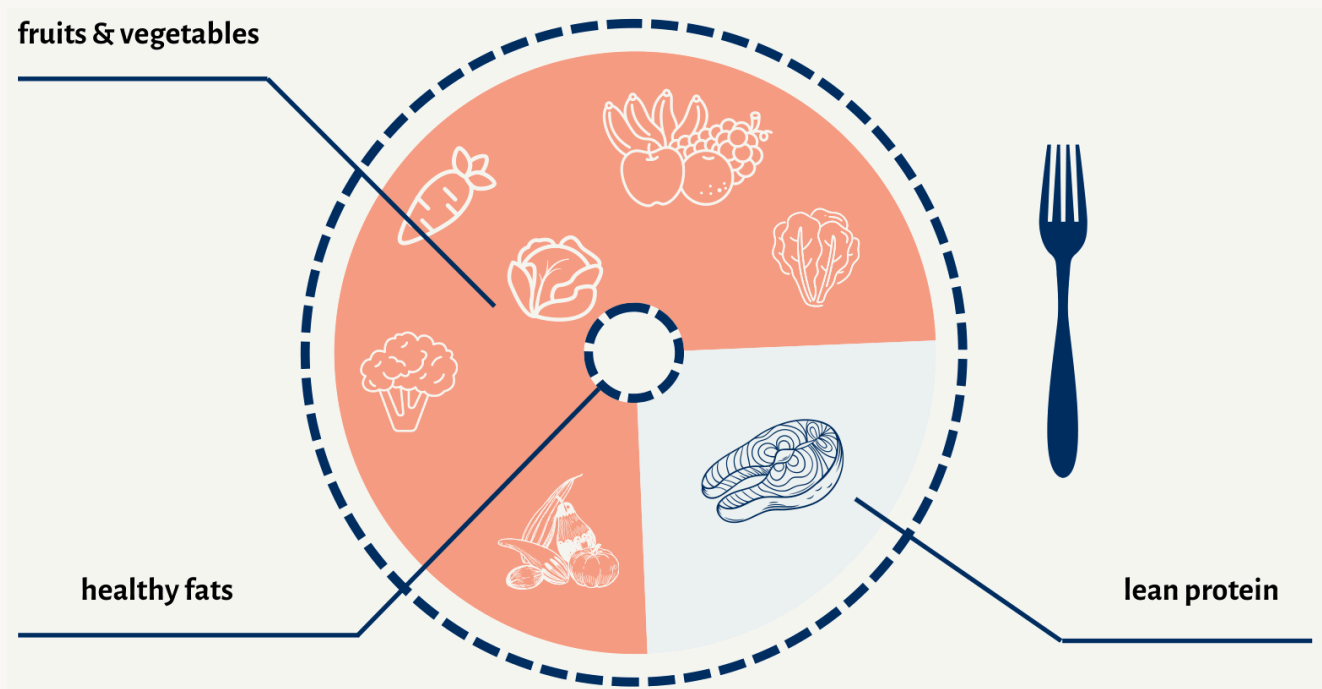

Protein, plenty of vegetables and healthy fats — with no added carbohydrate.

When building a low carb meal there will be a *focus on*:

- A portion of protein (tofu, egg, fish etc), whether it is meat or plant protein
- A portion of vegetables or salad
- Some healthy fats such as extra virgin olive oil, avocado, seeds, flaxseed, sunflower seeds or walnuts
- No additional carbohydrate element such as potatoes, pasta, rice, bread or couscous etc.

This will *look like this*:

How To Build A Low Carb Meal

- **STEP 1:** Fill 3/4 of your plate with vegetables and fruits
- **STEP 2:** Fill 1/4 of your plate with lean protein
- **STEP 3:** Add a small portion of healthy fats
